Training for CPL (IRME), with over 70 HRS TT, of which 45+ HRS PIC.
European B Driver's Licence, Fluent French & English, Intermediate Spanish
Former American Football player in Luxembourg's best team, Central Regional League 2024 Champion (Germany)

WORK EXPERIENCE

FREIGHT AND LUGGAGE HANDLER – LUXAIR – 05/08/2024 – 01/09/2024 – FINDEL, LUXEMBOURG

- Maintained a zero-incident safety record across every shift by correctly handling live animals, oversized cargo, and restricted goods in full compliance with IATA regulations and flight documentation reconciliation requirements.
- Supported on-time aircraft turnarounds by accurately processing over 700 passenger bags per shift using ULDs, contributing directly to punctual departures on a busy commercial ramp.

JOB SHADOW – AIRLINE OPERATIONS – CARGOLUX – 25/03/2024 – 25/03/2024 – LUXEMBOURG, LUXEMBOURG

- Participated in the *Job Shadow Day 2024*, organised by Jonk Entrepreneuren Luxembourg.
- Built understanding of large-scale airline training and maintenance by visiting 5 departments, including a Level D Boeing 747 full-flight simulator and an active 747 in the maintenance hangar.
- Gained direct insight into long-haul fleet renewal by attending a briefing from the fleet officer on Cargolux's planned transition to the Boeing 777-8F, including certification timelines and phase-out strategy.

JOB SHADOW – AIRPORT OPERATIONS – LUXAIR – 28/03/2023 – 28/03/2023 – FINDEL, LUXEMBOURG

- Participated in the *Job Shadow Day 2023*, organised by Jonk Entrepreneuren Luxembourg.
- Gained broad exposure to international airline operations by shadowing the VP of Airport Operations across ramp, cargo, and passenger services for a full day at Luxembourg's national carrier.

OPERATIONS INTERN – OCC – JETFLY AVIATION – 27/06/2022 – 01/07/2022 – LEUDELANGE, LUXEMBOURG

- Gained a full-cycle view of business aviation operations by rotating across 4 OCC departments over one week: flight planning, client relations, crew logistics, and route feasibility.
- Enabled a client flight to proceed without a refuelling stop by proposing a descent below RVSM airspace through Italy on a max-range PC-24 sector (Bodrum-Île d'Yeu), allowing a direct FIR routing that the original plan had not considered.
- Developed applied understanding of weight and balance and range planning by working directly on route feasibility assessments with OCC engineers.
- Discussed fleet strategy and pilot career development with the CEO and Chief Pilot, gaining insight into the structure of a growing business aviation operator.

PROFESSIONAL BREAK – 02/09/2024 – 21/04/2025

- Prepared my 2024 Luxair Cadet Program selection, as well as commencing my ATPL Theory self-study in preparation for my ground courses.

EDUCATION AND TRAINING

22/04/2025 – 16/01/2026 Tours, France
ATPL THEORY Mermoz Academy

- Scored 97.59% aggregate across all 13 ATPL theory subjects, including 100% in Instrumentation, Mass and Balance, Human Performance, and Operational Procedures, by completing a structured full-time study programme in under 9 months.

01/09/2017 – 05/07/2024
EUROPEAN BACCALAUREATE Schola Europaea I of Luxembourg

- Mathematics, Physics and Geography major, graduated with an 80.84% average.
